Speers removal challenged at SG

By JEFF RATLIFF

Staff Writer

Further action was taken on the removal last week of Rosemary Speers from her position as representative to the College of Engineering and Computer Science, during the Student Government (SG) meeting of Tuesday, February 21. Other issues including education funding and class scheduling were discussed.

SG Chairer Rick Kaczmarek presented some letters he had received concerning Rosemary Speers. Speers was removed from her position as the College of Engineering and Computer Science representative last week because she had missed three SG meetings in one quarter, after a five-to-two vote by SG failed to retain her.

The letters came from Chandler Phillips, chairer of the College of Engineering and Computer Science Steering Committee; from the Dean of the College of Engineering and Computer Science; and from an ECS student. All characterized Speers as a good representative to the college, and asked that the motion to dismiss her be rescinded. The student's letter had an attached list containing signatures of 23 supporters of the motion to rescind.

Scott Bembry, representative to the School of Medicine, began by saying he thought the reasons Speers was removed were not legitimate. He said Speers told SG she could not attend the meetings she missed because of a class conflict and hence was excused from attending, in his opinion.

"It was our responsibility as a body to make sure we were represented at that meeting," Bembry said.

Kaczmarek has already said that in case of a conflict, it was Speers' responsibility to designate a replacement at the meeting.

Kaczmarek recognized that there was

some question about whether or not Speers should have been removed, but questioned what action could be taken to reinstate Speers. He said *Robert's Rules of Order*, a book of rules on conducting meetings which SG's constitution requires it follow, says "if a person is removed from office, you can't rescind the order, you have to go through an election" for that position.

Speers then charged that her removal was invalid because her seat was declared vacant before the vote was taken, meaning she could not vote. "I sought the advice of a parliamentarian on this matter and he said... he would not have declared the seat vacant until after the vote was taken, which would have given nine members to vote."

Since last week's vote to remove Speers from her position was out of order, Kaczmarek ruled that Speers' position was never vacated, and that a vote would have to be taken again to retain her. The vote was postponed to later in the meeting, but before a vote could be taken, several SG members had to leave for classes.

The meeting was then recessed until 10 p.m. that night, at which time a vote would be taken. The outcome of the vote to retain Speers was not available at press time.

In other business, Staci Pepitone, representative to the College of Liberal Arts, gave a report on activities to lobby for more state funding for education. She said a table would be set up in Allyn Hall on March 9 and 10 where students could sign letters requesting more funding for education which will then be sent to the Ohio legislature. Kaczmarek said he would invite Sherry Lewis, Univer-

Information sought on copy card unit theft

A \$1000 reward has been offered for information leading to the apprehension and conviction of the person or persons responsible for the theft of a copy card unit. The Unit was taken from the basement of Millett Hall after hours on Tuesday, January 31.

Anyone having information should contact Steve Homan, Public Safety, extension 3129 or Paul Grenzbach, Printing Service, extension 2117. All information will be held in strictest confidence.

Hearthside discusses cross-cultural leadership

By SUE RANSOM

Associate Writer

Friday's discussion for Wright State University's Hearthside Series centered on "The Importance of Contexts: Leadership in Black and White Settings." It's focus was on cross-cultural leadership.

"One must have the ability to inspire confidence if they expect people to follow him or her, regardless of race," according to Frank Dobson of the Bolinga Black Cultural Resources Center, coordinator of Friday's meeting.

A potential leader must also recognize the

importance of symbolic action and language. Knowing the lingo of a specific area will make it easier for an individual to inspire others," said Dobson.

Charles Brown, preacher at the Bethel Baptist Church, was the special guest. He stressed the importance of independence in allowing for expression.

"The religious institution is the strongest social institution in black communities. The black church and institution nurtures leadership. This may be seen particularly in the field of oratory," said Brown.

David Barr of the Wright State University Honors Program also helped to coordinate the

meeting. He talked about several cross-cultural leaders, including Jack Kennedy and Jesse Jackson.

"These men appealed to both blacks and whites. In their cases it did not involve the question of lingo, although this aspect is important," said Barr.

Frank Dobson explained Kennedy's and Jackson's acceptance as cross-cultural leaders, "These men have real charisma, and the power to inspire and motivate others. These are the greatest components of leadership."

Although Brown, Dobson, and Barr discussed several aspects of cross-cultural leader-

Raiders depose Brooklyn Kingsmen in lopsided victory

By TODD BUNNELL

Sports Editor

WSU men's basketball head coach, Ralph Underhill, has a favorite saying: "Sometimes you get the bear, sometimes it gets you."

Last Saturday, Akron growled at the Raiders, took a bite, and chewed. Monday night in the P.E. Building, before an estimated crowd of 2,000, the Raiders had its hooks into visiting Brooklyn College. WSU dethroned the Kingsmen by a lopsided 118-88 score.

For Wright State, Matt Horstman had the hot hand as he scored 24 points and

pumped in seven three-pointers, which tied the school record held by himself.

"I just wish Matt had a couple of those 'threes' the other night," (against Akron) Underhill said. "When he hits that first one, look out."

The night couldn't have started out any better if Horstman had written the script. At the 19:16 mark of the opening half, Horstman sank the first three-pointer to give WSU the 3-0 lead. The Kingsmen had no answer to Horstman's challenge and quickly fell behind due to a Raider 24-4 run.

Scott Benton had 16 first-half points and ended the game with a career-high 18 points and seven rebounds.

Mark Woods added 15 points while Brad Smith chipped in with 14 points. Rondey Robinson lead in rebounds with 11.

WSU lead at half-time, 56-37.

The last five minutes of the game was the Ron Pierce show as the freshman racked up 13 points to be the fifth Raider in double figures.

"All the guys played with intensity," Underhill said.

Wright State earned its 350th win in its 19th season of basketball.

Brooklyn, dropped to 4-20 overall and 0-12 on the road. The Kingsmen are the lowest-ranked team in USA Today's computer rankings, and things won't get any easier. BC will play Cincinnati, Akron, and then Seton Hall all on the road.

"If that ballclub," Underhill said, "played an NAIA schedule, they'd have 14 or 15 wins."

Up next for the Raiders (15-10) will be a trip to DeKalb, Illinois on Saturday to harness the Huskies of Northern Illinois. NIU 'downed Wright State by a point in a contest in the P.E. Building earlier this season.

Brooklyn—Shurina 11-18 4-4 26, D. Gordon 9-20 4-23, Brooks 4-5 0-0 8, Fontanetta 5-14 3-4 13, L. Gordon 1-4 2-2 4, Fagan 2-5 0-0 4, Shabazz 3-3 1-2 7, Cooper 0-1 1-2 1, Baird 1-1 0-0 2. Totals: 36-71 15-18 88.

Wright State—Horstman 8-12 1-1 24, Smith 6-9 2-5 14, Robinson 3-8 3-4 9, Woods 7-14 0-1 15, Wampler 3-6 1-4 8, Mumphy 2-5 2-6, Geistwhite 1-1 2-2 4, Pierce 5-6 3-6 13, Haucke 1-2 2-2 5, Benton 6-9 6-7 18, Wilder 0-0 2-3 2. Totals: 42-72 24-37 118.

Half-time score: Wright State 56, Brooklyn 37. Three-point goals:

Brooklyn 1-7 (D. Gordon 3, Shurina 0-3, Fagan 1, Wright State 10-19 (Horstman 7-10, Woods 1-1, Wampler 1-4, Mumphy 0-1, Pierce 0-1, Haucke 1-1, Benton 0-1). Rebounds: Brooklyn 35 (D. Gordon 11), Wright State 43 (Robinson 11). Assists: Brooklyn (Fagan 8), Wright State (Woods 9). Totals: Brooklyn 29, Wright State 19. Fouled out: Brooklyn (5:34), Fagan (3:35), Shurina (0:52), L. Gordon (0:36). Technical fouls: Brooklyn 1, Wright State 15-10. 2,000.

By JEFF LOUDERBACK

Staff Writer

Looks of frustration glared from the faces of the Wright State Lady Raiders as head coach Pat Davis motioned for a time-out with 15 seconds left.

Butler's Angie Anderson had just buried a free throw to increase the Bulldog lead to 68-64.

Four seconds earlier, WSU had the ball under its own basket, trailing 67-64, but misfired on the inbound pass.

Butler ended up winning

by a score of 70-64 Monday in the P.E. Building.

The Raiders, with the help of 14 first-half points from Missy Goedde, carried a 35-17 lead at the half. Goedde finished the game with a career-high 28 points. With 13:29 left in the game, Sue Grace's basket made the score 46-29.

But like deja-vu, that lead quickly slipped away. Butler, with the help of seven buckets from Ericka McCoy in under five minutes, muscled its way inside for 18 unanswered points.

Goedde ended a six-minute scoring drought by WSU with a layup to give the

Raiders a 48-47 advantage. Butler's Shelley Roby immediately countered with two free throws, and the Raiders never saw the lead again.

The loss marked the sixth time this season that WSU has held a double digit lead at the half only to watch it slide away and turn into a defeat.

Davis said, "When you have a large lead at halftime, your team has to keep playing at a high level of intensity. The other team will always come out after you in that situation."

For the Bulldogs, McCoy exploded for 26

points, 24 in the second half, and eight rebounds.

For the Raiders, Kristin King poured in a season-high 18 points and hauled down a team-high seven rebounds.

Tonight, WSU will clash with the Cincinnati Bearcats.

Butler—McCoy 11-12 4-6 26, Kondalski 9-14 4-4 22, S. Miller 0-2 0-0 0, L. Miller 1-4 0-0 3, N. Anderson 1-4 0-0 2, Harriett 0-0 0-0 0, A. Anderson 2-4 3-4 7, Hoffmeister 0-0 0-0 0, Webb 3-8 0-16, Roby 1-3 2-3 4. Totals: 28-51 13-18 70.

Wright State—King 7-

12 4-5 18, Grace 2-6 1-4 5, Yingling 1-4 3-4 5, G. 10-21 6-10 28, Lenzy 0 2, Wadsworth 0-4 0 2, Whitesel 2-6 0-0 4, B. 0-2 0-0 0, Stump 1-2 0 0. Totals: 24-61 14-21 54.

Halftime score: Wright State 35, Butler 17.

point goals: Butler 1 Miller 1-3, Wright State 6 (Goedde 2-5, Brook 6).

Rebounds: Butler 1 Miller, McCoy 8), Wright State 31 (King 7). Assists: Butler 21 (Webb 8), Wright State 10 (Goedde 6). Fouled out: Grace 1, Lenzy (:15). Technical fouls: Butler 1, Wright State 8-17.

CHEST CONGESTION?

Wrestlers take down Olivet Nazarene

By TODD BUNNELL

Sports Editor

In preparation for the upcoming Regional meet, the Wright State Raider wrestling team downed Olivet

Nazarene College, 23-18, this past weekend.

The Raiders began slowly by forfeiting to Olivet Nazarene at 118, but then Jerry Williams (126) absolutely annihilated Curtis Boyer by earning a technical fall, 15-0.

Raider Chris Wazgar got some experience at 134 by also racking up a technical fall, 15-0, against Mike Pointer. Wazgar usually sits out the 134-pound weight class because he's behind the sixth-ranked wrestler in the

nation in Chris Gelvin. At 150, Skip Smith continued to look impressive as he demolished Jeff Smith 19-7. Smith raised his record to 18-6-1 at 150 and overall.

His brother, Ken Smith, decided on Theotis Johnson 2, at the 158-pound weight class.

Also picking up a win was Jamie Baker in the 174-pound weight division, winning by forfeit.

Aaron Bland (142) and James Miller, 10-6, also won.

See "Wrestlers' pay" page 5.

Local engineers and scientists received special awards

By A.J. TAYLOR

Special Writer

Two of the seven local engineers and scientists chosen to receive 1989's Outstanding Engineer and Scientist Award for the greater Dayton area are Wright State University faculty members: Francis H. Froes, adjunct professor of materials engineering, and

Paul G. Seybold, professor of chemistry.

An awards banquet will be held February 23 at the Wright Patterson Air Force Base Officers Open Mess as part of the week-long observance of Engineers and Scientists Week, February 19-25.

Froes has been teaching in the Materials Science and Engineering Department at

Wright State since 1984, and in the Graduate Materials Engineering program at the University of Dayton since 1983. He has led workshops for a number of organizations in the United States, Europe and Asia. Froes has been a prolific inventor and writer in metallurgy, with more than 30 granted or pending inventions, and contributions to 300 techni-

cal publications. He is also author/editor of eight books.

Seybold came to Wright State University in 1970 as assistant professor of chemistry. He has taught a variety of courses at the undergraduate and graduate levels, and participated in the Medical School's Biomedical doctorate program. While at Wright State, he has pursued experimental

research on the relationship of molecular structure to properties and on the luminescence of organic compounds.

The Outstanding Engineer and Scientist award is an ongoing program which has existed for some time. These awards were initiated because of "... the rich scientific heritage in the Dayton area," according to Sue

Cumming, professor of chemistry at Wright State and chair-person of the Awards Selection Committee.

The program is designed to honor professionals whose accomplishments have set them apart. Student recognition, the types of courses taught, and grants received are other contributing factors.

Fly II upholds tradition of grotesque horror films

By TODD LOVEJOY

Associate Writer

The Fly II, the sequel to one of the most successful horror films ever made, is so gory and revolting that sometimes it made me want to upchuck my dinner onto the head of the old lady sitting in front of me. Yes, folks, the movie is that disgusting. It

tops the first one in make-up and special effects, but the sequel goes a step further into the realm of downright grotesque. I was appalled by many of the scenes, but since I enjoy these types of movies, I certainly got my money's worth, and then some.

The Fly II, which opened February 10, stars Eric Stoltz, acclaimed for his perform-

ances in *Mask* and *Some Kind of Wonderful*, as Martin Brundle, the brilliant offspring of the unfortunate scientist, Seth Brundle, whose pioneering work in matter transmission has bequeathed a legacy of horror to his son. Daphne Zuniga, who starred in Mel Brooks' *Spaceballs*, is Beth Logan, an intelligent and often feisty girl who

gives the shy Martin his first true glimpse of a normal and happy life. Lee Richardson is Anton Bartok, the ruthless head of Bartok Science Industries. John Getz, who starred in the remake of *The Fly* as science magazine editor Stathis Borans, reprises his role in the sequel.

In the movie, Martin Brundle grows up in the clini-

cal environment of Bartok Industries under the watchful eye of Anton Bartok, who owns his father's invention. Martin is nothing more than a specimen for study, and he devotes his life to solving the mysteries of his father's teleportation device. That is, until he meets Beth Logan. As is typical, the two fall hopelessly in love in about

two days, and Martin feels a real desire to live for the first time in his life. But, in steps Anton to put his foot down, and when Martin learns that Anton has other plans for him, he experiences massive frustration, and finally rage.

Slowly, Martin's insect blood begins to take control,

Wrestlers

continued from page 3
Richardson (167) was downed by Curtis Hammitt, 8-5, and Matt Akers lost a close decision to Charles Jones, 9-6. Also, Dave Bierman was on the losing side of

a 5-3 score with Olivet Nazarene's Bob Manville.

The Raiders will end their regular season on Thursday, February 23 when they host the University of Dayton at 6:30 p.m. in the P.E. Build-

ing. Seniors Gelvin and Skip Smith will be making their last home appearances in a Raider uniform. Both are in the top five in all-time career wins at Wright State.

The Regional meet will be

held March 3-4 in Slippery Rock, Pennsylvania.

"I think we have three or four guys with a good chance of going to Nationals," head coach Al Manning said. Nationals will be held March 16-

18 in Oklahoma City. "Skip's got a real good shot along with Jerry and Deat LaCour."

Gelvin has had shoulder problems which, although they don't cause much pain, still weaken him. Barring any

major problems, Manning thinks Gelvin has an outstanding shot to make it to Nationals. "If he wrestles like he's been wrestling, there's no reason why he should qualify."

Female Volunteers Needed

Movie

continued from page 3
and he finds himself in a fierce battle to become human. It is a battle which erupts in the very depths of Bartok Industries as an enraged mutant, possessed of unimaginable strength and fueled by anger and feelings of betrayal, is finally given

the means for ultimate revenge.

The movie is very good, if you like the sight of blood. I enjoyed the first one, and I enjoyed the sequel, as well. It's pretty safe to assume that if you liked the first one, you will like this one. The only thing I didn't like about the

movie was the creature that's supposed to resemble a fly. Unless I have really bad eyesight, the thing does not look anything like a fly to me, nor to anyone else that has seen the movie. I think the director, Chris Walas, forgot the name of the movie when he designed the final look of the creature. Sure, Martin is really a cross between a fly and a human, but this is show business. They could have made it look a little bit more

like a fly, is all I'm saying. Nevertheless, I was cheering for the overgrown fly as it hunted down Anton Bander near the end of the movie. Too bad it has a happy ending.

WARNING: If you have needles stuck in your arms, or if you cringe when you see blood, then I strongly advise you to wait until *The Fly II* comes out on videotape. That way, if you feel sick, you can pause it.
